4 Individual Registration-2 Sessions	\$275.00	\$325.00

Before Nov. 15th

### Description

Coastal Youth Futsal League is looking to offer players the opportunity to develop and learn the game of Futsal. CYFL will offer a local inexpensive development league for town organizations. The teams will be entered into divisions with like teams. Individual players without a full team can register and CYFL will field "House Teams" to play with in the league.

All players are required to be members of their local town soccer association. If they aren't currently registered through their town organization then they need to register with MYSA through CYFL.

All players must come from the same town and have matching uniforms. A CYFL team can have players that are combined from numerous CYSL teams.

The "House Teams" will have players that register as individuals and will be combined. These teams will have players that may come from different teams. These players will have an individual fee that will also include inclusion into the Coastal Youth Futsal Academy. The CYFL will provide a coach for the season. A uniform will be provided for all players on a "House Team".

Team rosters will be restricted to 12 players. It is recommended that teams should have 7 to 9 players to maximize playing time and overall player development.

### Includes

Each team will receive 7 games, certified referees and up to 12 t-shirts.

SESSION 1	12/8/17	12/15/17	12/22/17	12/29/17	1/5/18	1/12/18	1/19/18
