MISSION STATEMENT

**Coastal Youth Futsal's mission is to provide the youth of the local communities the opportunity to train and develop in the soccer off season in the sport of futsal. Futsal is the official indoor sport sanctioned by FIFA.

**Coastal Youth Futsal will attain these goals by providing futsal playing opportunities. These programs will allow players of many ages and ability levels to participate and learn to enjoy the sport of futsal.

**Coastal Futsal will provide futsal league play for existing CYSL teams, provide teams for CYSL players that don't have a full team and provide academy training programs for those that just desire training without league games.

**Coastal Futsal will provide a comprehensive age and ability development program for players by providing coaching services for individual players that register for programs.

**Coastal Futsal will provide coaches training for all CYSL coaches that register to participate in the Coastal Youth Futsal League so that they can better serve their youth players.

These teams won't have a team practice but rather players will be enrolled into the CYF Academy Program; see Academy Program for details. Players will receive a full uniform to wear for all games.
